

4bt3.9-G2 30kw 37.5kVA Cummins Diesel Genset Four Stroke AC Three Phase

Basic Information

Place of Origin: China
Brand Name: Minlong
Certification: ISO9001

Minimum Order Quantity:

Price: NegotiationPackaging Details: Wood caseDelivery Time: 10-15 days

• Payment Terms: L/C, D/A, D/P, T/T, Western Union,

MoneyGram

• Supply Ability: 10000 set per week

Product Specification

Model NO.: 4BT3.9-G2
 Stroke: Four Stroke
 Output Type: AC Three Phase

Enginestandbypower: 40kwEngineratedpower: 36kw

Open Type Size: 1700*850*1400mm
 Silent Type Size: 2400*1000*1410(mm)

Open Type Weight: 580kgSilent Type Weight: 930kg

Highlight: Four Stroke Cummins Diesel Genset,

Cummins Diesel Genset 37.5kVA

Product Description

Minlong Factory Price 4bt3.9-G2 Open/Silent Type 30kw 37.5kVA Cummins Engine Diesel Generator Set Diesel Generator

Product Description:

30kW/37.5KVA Cummins diesel generator set

Engine model	4BT3.9-G2
Generator model	MY POWER30-1-4
Enging Rated Power	30KW/37.5KVA

Standard configuration

General description:

- 1. Engine:4BT3.9-G2
- 2. Meet ambient temperature radiator, belt drive cooling fan, fan safety cover
- 3. 24VDC Charging generator
- 4. generator:Single bearing generator, protection IP23, class H insulation
- 5. Dry air filter, fuel filter, oil filter
- 6. Daily oil tank, shock absorber
- 7. Standard control panel, floating charger, cylinder water preheater
- 8. 2×12VDC Start battery and battery connection Cable.
- 9. One set of smoke exhaust elbow, bellows, flange and silencer.
- 10. Information on generator set usage

Generator parameters							
Voltage(V)	Frequency(Hz)	phase sequence	Power factor	Rated current(A)	Generator Prime Power(KW/KVA)		
400/230	50	3	0.8	54	30kW/37.5KVA		

Relationship between engine power and altitude: if the altitude is above 1500 meters, the power will decrease by 4% every 300 meters.

Relationship between engine power and ambient temperature: the engine power is reduced by 3% for every 10 degrees above ambient temperature.

Sales commitment

 $The \ products \ provided \ are \ brand-new \ products, \ and \ each \ unit \ has \ undergone \ strict \ factory \ inspection.$

All products provide warranty service.

The warranty period shall be 12 months after the unit passes the commissioning and acceptance or 1000 hours of cumulative operation, whichever expires first.

Engine parameters			
Introduction of basic Parametes			
Engine Model	4BT3.9-G2		
Spray pattern	PTDirect injection		
Number/arrange ment of cylinders	4/L		
Displacement/L	3.9 L		
Cylinder diameter × stroke(mm)	102*120(mm)		
Rated speed rpm	1500		
Engine standby power KW	40		
Engine rated power KW	36		
Speed regulating system	Electron speed regulator		

Generator parameters

Generator technical parameters		
Generator Model	MY POWER30-1-4	
Phase sequence	3	
Wiring method	Three-phase four-wire, Y-type winding	
Number of bearings	1	
Power factor	0.8	
The protection grades	IP23	
Altitude requirement	≤1000m	
Field excitation	Brushless self-excitation	
Insulation Grade/Temperatu re Rise Grade	н/н	
Maximum overspeed	2250 rpm/min	
Power	30KW/37.5KVA	
Generator efficiency	≥95 %	
Voltage	400V	

Generator set parameters Voltage setting ≥±10% range Steady state voltage regulation ≤0.5% rate Transient voltage deviation (100% ≤+17% sudden power reduction) Transient Voltage Deviation (40% ≤-6.5% Sudden Power) Voltage Stability Time (100% ≤2.8S Sudden Power Reduction) Voltage Stability Time (40% ≤2.5S Sudden Power) Frequency ≥±10% Adjustble adjustment range Frequency ≤±0.25% volatility Transient frequency deviation (100% ≤+8% sudden power reduction) Transient frequency ≤-5% deviation (40% sudden power) Frequency Recovery Time (100% Sudden ≤1.48S Power Reduction) Frequency recovery time ≤1.35S

Quality Standard for Generator Sets

Diesel generator sets are designed, produced and tested strictly in accordance with the standards and can be used in various environments, meeting the following relevant standards:

ISO9001

(40% sudden power)

Atlas of Engine Parts and Original Factory

Oil - water separator	St ati c so un d bo x ge ne rat or se t	Remote water tank
Fully automatic oil supply system	V eh icl e-m ou nt ed po w er ge ne rat io n ve hi cl	Heat exchanger and external circulation cooling tower
Buried fuel tank	To wi ng ge ne rat or se t	Marine cooling system

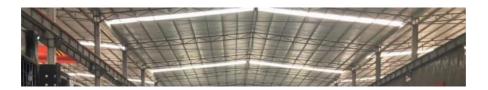

- 1. High quality: use high-quality materials, establish a strict quality control system, and assign special personnel to be responsible for each production link from raw material procurement to assembly.
- 2. Professional R & D center: we employ designers with 15 years of working experience in diesel generator set industry and have been constantly improving our products.
- 3. Fast delivery: many goods are in stock and can be delivered within 5-15 days of placing an order.
- 4. Accept small orders: accept low minimum order quantity. One is available.

The picture display of the Cummins open type unit shows that every time we leave the factory, we undergo full load testing to ensure that the machine can be quickly used by customers.

The picture display of Cummins silent unit shows that we have a complete installation process and factory debugging system. Can achieve perfect factory delivery.

We have a large inventory displayed in the factory workshop. Can deliver quickly to every customer.

Thank you for watching and looking forward to your contact.
